About Carlos

Short bio: who you are, why buyers can trust you.

Links through to the full About page.

The Clean Way

Devices sourced from people who no longer need them, plus iCloud/MDM-locked units from businesses and schools that would otherwise be scrapped.

Meet Carlos

Who you are, your background, why buyers can trust you.
Based in Gainesville and Miami, FL - ships nationwide.

The Clean Way

Every device has a story before it reaches you. Some come from people who no longer need them - instead of sitting in a drawer or ending up in the trash, they get a second life. Others are iCloud-locked or MDM-locked devices from businesses and schools upgrading their fleets - devices that would otherwise be scrapped as e-waste. We verify, unlock, and test each one before it's listed, so what you're buying is safe, legal, and fully usable.

90-day warranty on all devices . 30-day returns . Verified ownership on every unlock

Carlos Tech Solutions

New, used, and recycled tech for an affordable audience.
